

Appendix 1:
**Questionnaire for accreditation as “Teaching Hospital” or clinical training site
in Hungarian medical education**

Name of the hospital: Okayama University Hospital

Department/unit: Internal Medicine I (Gastroenterological Medicine)

I. Personnel:

Head of the department/unit (name): Kazuhide Yamamoto

Specialization(s):

Years worked as a specialist

Scientific degree:

Medical staff of the department/unit:

Number of residents and non-specialists: 38

Number of specialists (doctors only): 23

Number of doctors having more than one specialization: 68

II. Patients:

- Number of inpatient beds: 64

- Outpatients per year: 31,588

- Special profile(s) of the department/unit: gastroenterological disease (liver, cholecyst, pancreas)

.....

III. Diagnostic facilities and services available for the department/unit:

- Clinical biochemistry:

- Radiology, X-ray, CT, MRI, PET:

- Molecular and macroscopic pathology:

- Other services: digestive endoscopy, ESD, ERCP, metal stent, radio wave cauterization

.....

IV. Gradual and postgradual training (in the department/unit specified above, per semester):

- Number of medical students trained per semester: 50

- Cumulative number of contact hours for medical students: 2 weeks

- Number of residents trained per semester: 40

- Cumulative number of contact hours for resident education: 2 months

Appendix 1:
**Questionnaire for accreditation as “Teaching Hospital” or clinical training site
in Hungarian medical education**

Name of the hospital: Okayama University Hospital

Department/unit: Internal Medicine II (Blood Tumor Medicine)

I. Personnel:

Head of the department/unit (name): Mitsune Tanimono

Specialization(s): blood tumor, respiratory science.....

Years worked as a specialist

Scientific degree: member of the Japanese Society of Internal Medicine etc.

Medical staff of the department/unit:

Number of residents and non-specialists: 28.....

Number of specialists (doctors only): 15.....

Number of doctors having more than one specialization: 37

II. Patients:

- Number of inpatient beds: 64

- Outpatients per year: 20,822.....

- Special profile(s) of the department/unit: hemodyscrasia, respiratory disease.....

.....

III. Diagnostic facilities and services available for the department/unit:

- Clinical biochemistry:

- Radiology, X-ray, CT, MRI, PET:

- Molecular and macroscopic pathology:

- Other services: stem cell harvest, PCR, FACS, platelet examination, lung function examination, bronchi fiber

.....

IV. Gradual and postgradual training (in the department/unit specified above, per semester):

- Number of medical students trained per semester: 50.....

- Cumulative number of contact hours for medical students: 3 weeks

- Number of residents trained per semester: 40

- Cumulative number of contact hours for resident education: 2 months.....

Appendix 1:

**Questionnaire for accreditation as “Teaching Hospital” or clinical training site
in Hungarian medical education**

Name of the hospital: Okayama University Hospital

Department/unit: Internal Medicine III (Kidney, Diabetic Mellitus, Internal Secretion)....

I. Personnel:

Head of the department/unit (name): Hiroshi Makino

Specialization(s):

Years worked as a specialist

Scientific degree:

Medical staff of the department/unit:

Number of residents and non-specialists: 42

Number of specialists (doctors only): 17

Number of doctors having more than one specialization: 41

II. Patients:

- Number of inpatient beds: 42

- Outpatients per year: 37,734.....

- Special profile(s) of the department/unit: kidney disease, connective tissue disease,
metabolic disorder

.....

III. Diagnostic facilities and services available for the department/unit:

- Clinical biochemistry:

- Radiology, X-ray, CT, MRI, PET: CT

- Molecular and macroscopic pathology:

- Other services: kidney biopsy, clinical examination, immunologic examination, unic
protein, ultrasonic wave, dialysis

.....

**IV. Gradual and postgradual training (in the department/unit specified above, per
semester):**

- Number of medical students trained per semester: 50.....

- Cumulative number of contact hours for medical students: 3 weeks.....

- Number of residents trained per semester:40

- Cumulative number of contact hours for resident education: 2.5months.....

**Appendix 1:
Questionnaire for accreditation as “Teaching Hospital” or clinical training site
in Hungarian medical education**

Name of the hospital: Okayama University Hospital

Department/unit: Cardiovascular Internal Medicine

I. Personnel:

Head of the department/unit (name): Hiroshi Ito

Specialization(s):

Years worked as a specialist

Scientific degree:

Medical staff of the department/unit:

Number of residents and non-specialists: 28

Number of specialists (doctors only): 24

Number of doctors having more than one specialization: 45

II. Patients:

- Number of inpatient beds: 36

- Outpatients per year: 21,841

- Special profile(s) of the department/unit: ischemia disease, cardiac dysrhythmia,
hyperpiesia

III. Diagnostic facilities and services available for the department/unit:

- Clinical biochemistry:

- Radiology, X-ray, CT, MRI, PET: MRI

- Molecular and macroscopic pathology:

- Other services: cardiac catheter , coronarography, cardiac function test, catheter
cauterization, echo, cardiac electrocardiographic map
.....

**IV. Gradual and postgradual training (in the department/unit specified above, per
semester):**

- Number of medical students trained per semester: 50

- Cumulative number of contact hours for medical students: 2 weeks

- Number of residents trained per semester: 40

- Cumulative number of contact hours for resident education: 2 months

**Appendix 1:
Questionnaire for accreditation as “Teaching Hospital” or clinical training site
in Hungarian medical education**

Name of the hospital: Okayama University Hospital

Department/unit: Neurology Internal Medicine

I. Personnel:

Head of the department/unit (name): Yasuji Abe

Specialization(s):

Years worked as a specialist

Scientific degree:

Medical staff of the department/unit:

Number of residents and non-specialists: 17

Number of specialists (doctors only): 11

Number of doctors having more than one specialization: 33

II. Patients:

- Number of inpatient beds: 18

- Outpatients per year: 11,474

- Special profile(s) of the department/unit: apoplexy, neurodegenerating disease, myopathy
.....

III. Diagnostic facilities and services available for the department/unit:

- Clinical biochemistry:

- Radiology, X-ray, CT, MRI, PET: MRI, CT

- Molecular and macroscopic pathology:

- Other services: myogram, neurotransmission rapidity test, induced electrical potential examination, brain wave, cerebral blood flow SPECT
.....

IV. Gradual and postgradual training (in the department/unit specified above, per semester):

- Number of medical students trained per semester: 50

- Cumulative number of contact hours for medical students: 2 weeks

- Number of residents trained per semester: 40

- Cumulative number of contact hours for resident education: 2 months

**Appendix 1:
Questionnaire for accreditation as “Teaching Hospital” or clinical training site
in Hungarian medical education**

Name of the hospital: Okayama University Hospital

Department/unit: General Internal Medicine

I. Personnel:

Head of the department/unit (name): Fumio Otsuka

Specialization(s):

Years worked as a specialist

Scientific degree:

Medical staff of the department/unit:

Number of residents and non-specialists: 10

Number of specialists (doctors only): 6

Number of doctors having more than one specialization: 15

II. Patients:

- Number of inpatient beds: 5
- Outpatients per year: 4,614
- Special profile(s) of the department/unit: boundary domain, internal secretion metabolism, microbism

.....

III. Diagnostic facilities and services available for the department/unit:

- Clinical biochemistry:
- Radiology, X-ray, CT, MRI, PET: MRI, CT.....
- Molecular and macroscopic pathology:
- Other services: medical interview, blood biochemistry, electrocardiogram, respiratory function, ultrasonic wave, scintiscanning, endoscope

.....

IV. Gradual and postgradual training (in the department/unit specified above, per semester):

- Number of medical students trained per semester: 50.....
- Cumulative number of contact hours for medical students: 2 weeks
- Number of residents trained per semester:40
- Cumulative number of contact hours for resident education: 1.8 months.....

**Appendix 1:
Questionnaire for accreditation as “Teaching Hospital” or clinical training site
in Hungarian medical education**

Name of the hospital: Okayama University Hospital

Department/unit: Pediatrics

I. Personnel:

Head of the department/unit (name): Tsuneo Morishima.....

Specialization(s):

Years worked as a specialist

Scientific degree:

Medical staff of the department/unit:

Number of residents and non-specialists: 25

Number of specialists (doctors only): 24

Number of doctors having more than one specialization: 39

II. Patients:

- Number of inpatient beds: 32

- Outpatients per year: 14,157.....

- Special profile(s) of the department/unit: Infectiveness, Congenital disease, Cancer

.....

III. Diagnostic facilities and services available for the department/unit:

- Clinical biochemistry: Genetic diagnosis, Cardiac catheter

- Radiology, X-ray, CT, MRI, PET: Echo, CT

- Molecular and macroscopic pathology: Kidney biopsy

- Other services: Dialysis, Counseling.....

.....

IV. Gradual and postgradual training (in the department/unit specified above, per semester):

- Number of medical students trained per semester: 50.....

- Cumulative number of contact hours for medical students: 3 weeks

- Number of residents trained per semester: 40

- Cumulative number of contact hours for resident education: 1.5 months.....

//over please//

**Appendix 1:
Questionnaire for accreditation as “Teaching Hospital” or clinical training site
in Hungarian medical education**

Name of the hospital: Okayama University Hospital

Department/unit:..... Surgery 1 (Alimentary Canal Surgery)

I. Personnel:

Head of the department/unit (name):..... Toshiyoshi Fujiwara

Specialization(s):

Years worked as a specialist

Scientific degree:

Medical staff of the department/unit:

Number of residents and non-specialists: 28

Number of specialists (doctors only): 25

Number of doctors having more than one specialization: 53

II. Patients:

- Number of inpatient beds: 79

- Outpatients per year: 14,071

- Special profile(s) of the department/unit: ... Digestive Organ, Liver, Cholecyst, Pancreas
.....

III. Diagnostic facilities and services available for the department/unit:

- Clinical biochemistry:.....

- Radiology, X-ray, CT, MRI, PET: CT, PET

- Molecular and macroscopic pathology:

- Other services: Endoscopic, Genetic Diagnosis, da Vinci Surgical System, Operation
.....

IV. Gradual and postgradual training (in the department/unit specified above, per semester):

- Number of medical students trained per semester:..... 50

- Cumulative number of contact hours for medical students: 3 weeks

- Number of residents trained per semester: 40

- Cumulative number of contact hours for resident education:..... 3 months

//over please//

**Appendix 1:
Questionnaire for accreditation as “Teaching Hospital” or clinical training site
in Hungarian medical education**

Name of the hospital: Okayama University Hospital

Department/unit:.....Surgery 2 (Respiratory Surgery)

I. Personnel:

Head of the department/unit (name):..... Shinichiro Miyoshi

Specialization(s):

Years worked as a specialist

Scientific degree:

Medical staff of the department/unit:

Number of residents and non-specialists: 22

Number of specialists (doctors only): 16

Number of doctors having more than one specialization: 46

II. Patients:

- Number of inpatient beds: 39

- Outpatients per year: 10,737

- Special profile(s) of the department/unit:Respiratory Apparatus, Lacteal Gland,
.....Internal Secretion

III. Diagnostic facilities and services available for the department/unit:

- Clinical biochemistry:.....

- Radiology, X-ray, CT, MRI, PET:CT, MRI

- Molecular and macroscopic pathology:

- Other services: ...Lung Transplant, Genetic Diagnosis, Radio Wave Cauterization, Echo
..... Mammography, Mammotorm, Galactophore Endoscope

IV. Gradual and postgradual training (in the department/unit specified above, per semester):

- Number of medical students trained per semester:..... 50

- Cumulative number of contact hours for medical students: 3 weeks

- Number of residents trained per semester: 40

- Cumulative number of contact hours for resident education:..... 3 months

//over please//

**Appendix 1:
Questionnaire for accreditation as “Teaching Hospital” or clinical training site
in Hungarian medical education**

Name of the hospital: Okayama University Hospital

Department/unit:..... Cardiovascular Surgery

I. Personnel:

Head of the department/unit (name):..... Shunji Sano

Specialization(s):

Years worked as a specialist

Scientific degree:

Medical staff of the department/unit:

Number of residents and non-specialists: 17

Number of specialists (doctors only): 14

Number of doctors having more than one specialization: 32

II. Patients:

- Number of inpatient beds: 53

- Outpatients per year: 4,787

- Special profile(s) of the department/unit: Congenital Heart Disease, Vessel Surgery

.....

III. Diagnostic facilities and services available for the department/unit:

- Clinical biochemistry:.....

- Radiology, X-ray, CT, MRI, PET:

- Molecular and macroscopic pathology:

- Other services:Oxygenator, Freeze Solidification Treatment, Stenting, Echocardiography

..... Cardiac Catheter

IV. Gradual and postgradual training (in the department/unit specified above, per semester):

- Number of medical students trained per semester:..... 20

- Cumulative number of contact hours for medical students: 1 week

- Number of residents trained per semester: 40

- Cumulative number of contact hours for resident education:..... 2 months

//over please//

**Appendix 1:
Questionnaire for accreditation as “Teaching Hospital” or clinical training site
in Hungarian medical education**

Name of the hospital: Okayama University Hospital

Department/unit: Obstetrics and Gynecology.....

I. Personnel:

Head of the department/unit (name): Yuji Hiramatsu

Specialization(s):

Years worked as a specialist

Scientific degree:

Medical staff of the department/unit:

Number of residents and non-specialists: 27

Number of specialists (doctors only): 18

Number of doctors having more than one specialization: 27

II. Patients:

- Number of inpatient beds: 82

- Outpatients per year: 20,929.....

- Special profile(s) of the department/unit: Prenatal diagnosis, Complication pregnancy, Cancer, GID(Gender identity disorder)

III. Diagnostic facilities and services available for the department/unit:

- Clinical biochemistry:.....

- Radiology, X-ray, CT, MRI, PET: High-dose internal radiation remote control system, KTP-YAG laser, Echo, MRI, CT, PET/CT

- Molecular and macroscopic pathology: Laparoscope, Uteroscope

- Other services:

IV. Gradual and postgradual training (in the department/unit specified above, per semester):

- Number of medical students trained per semester: 50.....

- Cumulative number of contact hours for medical students: 3W

- Number of residents trained per semester: 40

- Cumulative number of contact hours for resident education: 1.7M

**Appendix 1:
Questionnaire for accreditation as “Teaching Hospital” or clinical training site
in Hungarian medical education**

Name of the hospital: Okayama University Hospital.....

Department/unit: Psychiatry

I. Personnel:

Head of the department/unit (name): Kosuke Uchitomi.....

Specialization(s):

Years worked as a specialist

Scientific degree:

Medical staff of the department/unit:

Number of residents and non-specialists: 20.....

Number of specialists (doctors only): 11.....

Number of doctors having more than one specialization: 14.....

II. Patients:

- Number of inpatient beds: 50

- Outpatients per year: 19,047.....

- Special profile(s) of the department/unit: Mood disorder, Integration disorder syndrome,
Dementia, Stress disorder

III. Diagnostic facilities and services available for the department/unit:

- Clinical biochemistry:.....

- Radiology, X-ray, CT, MRI, PET: CT, MRI,

- Molecular and macroscopic pathology:

- Other services: Intelligence test, Psychological study, Memory test,
Cognition function test, CBF(Cerebral blood flow) SPECT, Sympathetic scinti,
Sleep polygraphy

IV. Gradual and postgradual training (in the department/unit specified above, per semester):

- Number of medical students trained per semester: 50.....

- Cumulative number of contact hours for medical students: 2W

- Number of residents trained per semester: 40

- Cumulative number of contact hours for resident education: 1.1M.....

V. Students accepted from the Faculty of Medicine of the given Hungarian University

V.1. Internship year (6th year medical students):

Name of the subject: Internal Medicine, Surgery, Pediatrics, Obstetrics and Gynecology, Psychiatry

Number of students accepted per year: Internal Medicine(6 students), Surgery(4 students), Pediatrics(1 to 2 students), Obstetrics and Gynecology(1 to 2 students), Psychiatry(1 to 2 students).....

Number of weeks each student is accepted for: Internal Medicine(24 weeks), Surgery (8 weeks), Pediatrics(4 weeks), Obstetrics and Gynecology(4 weeks), Psychiatry(4 weeks).....

Number of hours for consultation per student per term: arbitrarily and properly

V.2 Summer practice:

Name of the subject: Internal Medicine.....

Number of students accepted per summer: 4 students.....

Number of weeks each student is accepted for: 16 weeks.....

Number of hours for consultation per student per term: arbitrarily and properly

.....

Name of the subject: Surgery

Number of students accepted per summer: 4 students.....

Number of weeks each student is accepted for: 8 weeks.....

Number of hours for consultation per student per term: arbitrarily and properly

V.3 Clinical teaching blocks during the semester:

Name of the subject:

Number of students accepted per semester: autumn: spring:

Number of weeks each student is accepted for:.....

Number of hours for consultation per student per term:.....

Name of the subject:

Number of students accepted per semester: autumn: spring:

Number of weeks each student is accepted for:.....
