

Dear Colleague, dear Student,

Welcomet the website of the Saint Imre University Teaching Hospital.

We are happy that you consider to come to our institute for clinical practice. Please carefully read the next paragraphs, where we summarized all the important requirements needed to have a fruitful and profitable practice period at St Imre!

1. Please fill out precisely the attached data sheet. Especially important to mark exactly the period you want to spend at our Hospital.
2. The filled data sheet has to be sent to student@szentimrekorhaz.hu at least 1 month before the planned start of training. The reception of practice will be returned by us by e-mail. Please consider, that the number of accepted applications are limited, especially for the sake of effective and fruitful practice.
3. If your application is accepted, please show up on Monday at the beginning of your period at the Dept. of Human Resources (Building "F", 1st floor). Here you are going to receive the needed briefings (quality control /Building "F" Ground Floor, Room 07, 10:00 a.m./, environmental, fire and labour safety education /Building "F" 1st floor, Room 117, 11:00 a.m./, data protection /Building "F" Ground Floor, Room 17, 12:00 a.m./). In the meantime, you should participate on medical checkup (medical eligibility), see No.4.
4. To pass the obligatory medical checkup you should have a chest X-Ray result (not older than one year), and proof of vaccination against HBV. Students coming for gynecology practice need to have also: stool culture, throat culture and Treponema (lues) screening test.
5. You need to have a declaration of being student of your Medical School.
6. Please take with you your dress (white coat, shirt, trousers, skirt as needed), as our hospital can not provide any clothes.

We hope, that your stay at Saint Imre will be beneficial for you!
