

## Introduction of laboratories for Molecular Biology MSc. Students

2022/2023/1. semester

Date	Time	Department	Room
14 September 2022			
15 September 2022			
21 September 2022	12:00	Department of Biochemistry and Molecular Biology	LSB 3.009-010 library
22 September 2022	12:00	chief of Molecular Biology MSc chief of Biochemistry-Genomics Specialization chief of Immunology, Cell and Microbiology Specialization	LSB F.008-009
28 September 2022	12:00	Department of Medical Chemistry	LSB 3.009-010 library
29 September 2022			
5 October 2022			
6 October 2022	12:00	Institute of Metagenomics	Augusta building 313 <a href="https://klinfiz.unideb.hu/hu/oktatas/klinikai-fiziolgia--gytk/hol-talalom-a-szeminariumi-teremet/auguszt-a-szeminariumi-terem-no-313/162">https://klinfiz.unideb.hu/hu/oktatas/klinikai-fiziolgia--gytk/hol-talalom-a-szeminariumi-teremet/auguszt-a-szeminariumi-terem-no-313/162</a>
12 October 2022			
13 October 2022	13:00	Department of Immunology	Lecture Hall of Department of Obstetrics and Gynecology
18 October 2022	17:30	Department of Human Genetics	Lecture Hall of Department of Obstetrics and Gynecology
19 October 2022	12:00	<i>Department of Medical Chemistry</i>	
20 October 2022	12:00	Department of Medical Microbiology	Department of Medical Microbiology, practical room, In Vitro Diagnostics Building, ground floor
