

# Join us for an exciting scientific experience on World Hand Hygiene Day!

**We look forward to seeing you on May 5, 2025,  
between 10:00 AM and 2:00 PM  
at the In Vitro Diagnostics Department Auditorium!**

## Programs:

- **Magic Powder – Make the Invisible Visible!**

Discover how microorganisms spread on everyday objects using a special powder that reveals what the naked eye can't see!

- **Meet Your Invisible Co-Residents!**

Through microbiological culturing, find out how effective your handwashing really is — and who lives with you every day without you even knowing it!

- **Hand Hygiene Quiz Game – Your Knowledge Can Win!**

Take the quiz to find out if you're a hand hygiene superstar — and win a Xiaomi activity tracker! 📱 Scan the QR code, play, and win!

- **"Small Hands, Big Messages" – See What These Drawings Say About Hand Hygiene!**

**Be inspired by the most creative artworks from the 2024–2025 World Hand Hygiene Day Drawing Contest!**
