

Letter of acceptance for summer practice

According to the curriculum of the University of Debrecen, Faculty of Medicine, it is a requirement for graduation to complete the following summer practices:

- after 3rd year: 3-week summer practice (internal medicine – medical propedeutics)
- after 4th year: 3-week clinical practice (freely chosen clinical fields)

Students are allowed to complete those summer practices outside of the University/Hungary, which has to be approved previously by our University.

The present verification form must be signed by the authorized representative and it must be returned to the student before starting the practice.

The cost of the practice outside the University of Debrecen must be covered by the student.

Student's name: _____

Practice place where the student is actually going to do his/her clinical practice

Name of the hospital: _____

(Name of the university the hospital affiliated to: _____)

Department: _____
