

Bettina Lívía Lukácsné Porvázsnyik

Department of Applied Mathematics and Probability Theory

Faculty of Informatics

University of Debrecen

26 Kassai street, H4028 Debrecen, Hungary

Phone: +36 (52) 512 900/75215

Email: porvazsnyik.bettina@inf.unideb.hu

Homepage: <https://arato.inf.unideb.hu/porvazsnyik.bettina/>

Professional experience

2015– **Assistant Lecturer**, University of Debrecen

Education

2012–2015 **PhD student at the Doctoral School of Mathematical and Computational Sciences**,
University of Debrecen,
Probability theory, statistics and applied mathematics PhD Program
Research theme: Study of random structures

2010–2012 **M.Sc Applied Mathematics (Financial Mathematics specialization)**, University of Debrecen
MSc degree with honours
Analysis of random placements: A generalized allocation scheme, in Hungarian

Fields of interest

Random graphs and complex networks

Discrete probability models

Probability theory (Limit theorems in probability theory)

Mathematical statistics

Scholarships

2013–2014 **Apáczai Csere János Scholarship** (doc.) TÁMOP 4.2.4. A/2-11-1-2012-0001, 'National Excellence Program'
by: Office of Public Administration and Justice

2011–2012 **Republic scholarship**
by: Ministry of National Resources

2010–2011 **Prominent Professional Scholarship**
by: University of Debrecen

Awards, Honors

2012 **TTK-medal**

by: Faculty of Science and Technology, University of Debrecen

Short Courses Attended

2013 **'Stats in Paris'** School and Conference on Networks
Paris, France

Languages

English (B2 language certificate)

German (basic level skills)

Computer skills

SPSS, R

Membership and boards

2009–2012 Talent Support Program of University of Debrecen

Teaching

INMK₁₁₀ Alkalmazott matematika (Applied Mathematics)

TMBE₀₄₅₁ Bevezetés a pénzügyi matematikába (Introduction to financial mathematics)

INGV₁₃₂ Computer Statistics

INDK₁₀₁ Diszkrét matematika 1 (Discrete Mathematics 1)

INMV₆₆₀ Játékelmélet (Game Theory)

TMBE₀₆₀₃ Matematika 1. (Mathematics 1.)

TMBG₀₆₀₇ Matematika II. (Mathematics II.)

INRK₂₄₃ Matematikai alapok 3 (Fundamental of Mathematics 3)

TMME₀₄₀₈ Opcióértékelés (Option Theory)

INCV₁₄₁ Pénzügyi matematika (Financial mathematics)

KTA₁₀₀₇₁/AGMN₀₁₅/INCK₁₁₁ Statisztika I. (Statistics I.)

INCKP₁₁ Vállalati pénzügyek 1 (Corporate Finance 1)

INCVP₁₂ Vállalati pénzügyek 2 (Corporate Finance 2)

INBK₁₂₁ Valószínűségszámítás és matematikai statisztika (Probability Theory and Mathematical Statistics)

INDK₁₃₁ Valószínűségszámítás és statisztika (Probability Theory and Statistics)
